## Safety PAYS you BACK

Not only is a safe workplace one of the best benefits you can give your employees, it also pays you back with higher morale and better productivity. Plus, when your workers' compensation coverage is through RetailFirst, you have the opportunity to earn back a portion of your workers' comp premium through the Safety Rewards™ program.

### What Is the Safety Rewards Program?

Safety Rewards is RetailFirst's dividend program that pays out monetary rewards each year to conscientious employers who are dedicated to employee safety. Sure, accidents happen. And not all workplace injuries can be prevented. But smart employers know that strategic safety precautions and an effective return-to-work program can dramatically lower claims costs.

### How Do You Benefit?

It's simple. Safety Rewards may actually put money back in your hands based on your annual losses. The lower you keep your total claims costs during your policy year, the higher your year-end reward could be, which means that you can contribute to your success.

### How Does It Work?

Your reward is based on the amount of premium you have paid and the total costs of your claims during the policy year. In other words, your claim history determines the percentage of your premium that may be returned to you as a reward.

Rewards are declared at the discretion of the board of directors, so they are not guaranteed. However, keep in mind that RetailFirst has a consistent history of paying rewards to policyholders.

Please ask your independent insurance agent for more information about Safety Rewards. Other eligibility requirements may apply based on your workers' compensation program and your policy type.
